

Use - AC-43 is ideal for general workshop, engine bay, light industrial degreasing. This is a water based concentrated non solvent degreaser.

PRODUCT INFORMATION

AC-43 is a highly concentrated formula of emulsifiers, wetting agents and surfactants for the removal of oil and dirt from all material types. It is fully bio degradable and quick breaking.

AC-43 has a high flash point making it suitable for parts washers and in areas where flammable liquids cannot be used.

The benefits of AC-43 are that it will not damage rubber, plastic, automotive paintwork or metals when used as recommended.

Additionally, it inhibits ferrous metal corrosion.

AC-43 contains no harsh chemicals such as petroleum solvents, kerosene, aromatics, phenols and chlorinated hydrocarbon or other chlorinated solvents.

DIRECTIONS FOR USE

1. Spray on or brush. Apply liberally to surfaces to be cleaned. Allow to stand for 5 min then rinse.
2. Tank Application. Soak for at least 15 minutes. Then remove, drain and rinse off with water. Mild steel tank construction acceptable.
3. Parts washer. Set up as per manufacturer's instructions.
4. Concrete cleaning. Apply to concrete and allow 2/3 minutes to soak in. Scrub with yard broom and then rinse off with water.

Recommended dilutions

Heavy soils Use undiluted Light soils Dilute 1:10

Medium soils Dilute 1:4 Pressure washers Dilute 1:100

IMPORTANT: In the presence of unprotected magnesium, magnesium alloys or polished aluminium it is recommended to wet the surfaces with water prior to applying the diluted mix of water and AC-43. Reduce both contact time and concentration of AC-43 for this application.

TYPICAL PROPERTIES

Appearance:	Clear Red Liquid	Boiling Point:	80—150°C
Odour:	Sweet Odour	Solubility:	Soluble
pH:	11.00—12.00	ADG Code:	Not a Dangerous Good
Flammable:	Non flammable	Specific Gravity:	0.98—1.02
Melting Point:	Not applicable		

PRODUCT CODES / QUANTITIES

A/AC43/5	5L Plastic (Carton of 4) (48 Cartons per pallet)
A/AC43/20	20L Plastic Drum (48 Cubes per pallet)
A/AC43/200	200L Metal Drum (4 drums per pallet)
A/AC43/1000	1,000L IBC
