

## Tru Grit Moly Grease

### Description

Tru Grit Moly Grease is premium lithium soap grease formulated with Molybdenum Disulphide, extreme pressure, anti-wear and extra tackiness additive to provide additional protection against shock load and water ingress.

Tru Grit Moly Grease is suitable for both automotive and industrial applications.

Recommended temperature operating range is from -20C to 130C. This grease can endure higher temperatures for short periods or if the relubrication frequency is increased.

### Applications

- Reduced wear under high or shock loads.
- Strong adhesive properties.
- Superior protection against rust and corrosion.
- Reduced wear under heavy or shock load and vibrations.
- Excellent resistance to water washout.
- Excellent mechanical stability.
- Lead, Nitrite and Heavy Metals free.

### Typical Characteristics

TEST DESCRIPTION	Typical Results
NLGI Grade	2
Product Code	9030702
Soap/Thickener Type	Lithium
Colour	Black
Worked Penetration	280
Drop Point, 0 Deg C	195
Oil Viscosity cSt, 40 Deg C	150
Timken Ok Load,kg	20
4-Ball Weld, kg	250
