

TRU GRIT TRU GRIT AC-21 ENGINE OIL FLUSH

USE

TRU GRIT AC-21 is a highly effective single dose cleaner and preparation additive for pre oil change that improves engine performance and oil longevity

Description

The TRU GRIT AC-21 Engine Oil Flush is formulated to effectively clean, dissolve and remove harmful deposits, sludge build up and varnish before an oil change. Oil deteriorates in quality and performance over its service life which accelerates the build-up of contaminants. Use of TRU GRIT AC-21 prior to oil change will see benefits such as improved engine compression, longer oil life, reduced oil consumption, increased engine efficiency and less oil oxidation. TRU GRIT AC-21 promotes suspension of impurities to remove them safely from the system and provides lubrication protection when cleaning. The TRU GRIT AC-21 product does not contain high aromatic solvents which can deteriorate the existing oils lubricity making it safe to run if driven after adding the product. TRU GRIT AC-21 contains anti friction additives to ensure that this product is effective yet safe to use. As engines run hotter due to advances in technology an oil flush prior to changing is vital.

Applications

1. Before the oil change, with the engine switch off, add 400mL of TRU GRIT AC-21 to the engine. For heavy duty diesel add 500mL to 550mL.
2. Start the vehicle and allow the engine to idle for between 5 and 8 minutes. Turn the engine off and drain the oil while it is still hot.
3. Replace with new oil as directed by the manufacturer.

IMPORTANT: * Do not pour clean oil into an engine with old, contaminated oil.
* Dispose of waste oil in accordance with local government regulations.

Typical Physical Characteristics

Appearance: Clear to Amber Liquid
pH N/A

Odour: Slight Odour

Melting Point: Not applicable

Boiling Point: 170°C - 350°C

Solubility: Not Soluble

Flash Point: >87°C

Specific Gravity: 0.90 – 0.92 (at 25°C)

Typical Product Codes/ Quantities

A/TRU GRIT AC-21/ (500) 500mL Offset Neck (Box of 12) A/TRU GRIT AC-21/1 1L
Offset Neck (Box of 12)

A/TRU GRIT AC-21/10 1L Offset Neck (Box of 12) A/TRU GRIT AC-21/20
20L Plastic Drum
