

Tru Grit Synthetic SAE 50

Synthetic Manual Gearbox Lubricant

Description

Synthetic SAE 50 transmission lubricant for heavy duty vehicles. It is fully inhibited against foaming, oxidation and corrosion, and contains thermally stable sulfur/phosphorus extreme pressure additives which ensure that the oil meets all the requirements of modern manual transmissions operating under a broad range of conditions.

The full synthetic PAO formulation confers outstanding oxidative life.

Applications

Synthetic SAE 50 is suitable for use non-synchronized manual transmissions used in buses and heavy-duty trucks where API MT-1 and API GL-4 lubricants are recommended

Typical Physical Characteristics

| Property | Typical Value |
|--------------------------------|---------------|
| Density, kg/L | 0.842 |
| Colour | 2 |
| Kinematic Viscosity @ 40C, cSt | 17.7 |
| Kinematic Viscosity @100C, cSt | 24.0 |
| Viscosity Index | 151 |
| | |
| | |

NOTE: Values stated herein are typical and do not represent a specification.
